

AN AGILE ADDITION TO YOUR FLEET

THE BOBCAT BSC05S-7 STOCK CHASER

Whether you're order picking or moving cargo in tight spaces, the Bobcat® BSC05S-7 stock chaser is a versatile solution to get the job done efficiently. Compact, agile and cost-effective, it streamlines material handling with a 1,000-pound capacity – and easily chargeable batteries. And its standard comfort features make operation smooth and productive, day after day.

24-Volt Curtis Controller

The reliable 24-volt Curtis® controller is an industry standard, providing smooth power and energy efficiency while being easy to diagnose.

Simplified Charging

The BSC05S-7 charges off a normal house current, eliminating the need for costly charging stations.

Headlamp

A headlamp provides optimum visibility and increased safety in dark operations.

Operator Presence Switch

This convenient switch cuts power and applies the brake when the operator leaves the vehicle.

Easily Removable Deck Cover

An easy-to-remove deck cover requires no tools for removal.

4-Step Ladder

A four-step ladder allows access to the second or third pick level, while an optional six-step ladder allows the operator to pick at even higher levels.

Cushioned Backrest and Knee Pad

A well-padded backrest and knee pads make the operator both comfortable and productive.

Clipboard and Document Holder

A clipboard holder provides easy access to order tickets for increased operator convenience.
